CLASS V

Dear Parents,

It is the 2nd assignment of **Work From Home (WFH) Project**. We are thankful for your cooperation and appreciating response for the first assignment. Hopefully all the students have completed first assignment and they are benefiting from our E- Learning Program as well. Although, the life has become standstill due to prevailing pandemic, we desperately want to get it back on the track. We wish and pray that school bustles start once again. Stay safe and engage your child in studies and other healthy activities so that their precious time should not be wasted.
